# Now Work Can Get Itself Done

Xerox® AltaLink® Multifunction Printers

### Xerox® AltaLink® B8245/B8255/B8270 Multifunction Printers

Why harness the power of AI technology in a multifunction printer? Simple. Because busywork isn't your job. Our new AI-supported AltaLink 8200 Series Multifunction Printers are true Workplace Assistants that adapt to you and flex with you, automating tedious tasks so you can focus on what matters most.

## BRILLIANTLY CAPABLE, VERSATILE AND AI-ASSISTED

AltaLink's intuitive, tablet-like user interface delivers time-saving ease for each task. Tap into Al-assisted algorithms that learn from you and prioritize your most commonly used tasks to create convenient shortcuts. So you can do more in fewer steps.

With pre-loaded AI-assisted apps\*, AltaLink can automate your busy-but-important work, such as redacting sensitive data, summarizing long reports and digitizing handwritten notes so they can be easily edited, shared and acted on.

Wireless should be seamless. AltaLink's native mobility features make it simple to print and scan from your favorite mobile devices. And you can even access your preferred cloud storage service right from the UI. So you can say goodbye to busywork and guesswork.

#### A SMARTER WAY TO SCALE

No matter how big or small the print job is, AltaLink can be customized to do it. With a variety of accessories and finishing options to choose from, you can configure your Workplace Assistant as needed. And as your business grows, more printers don't mean more problems. AltaLink devices can automatically keep critical productivity and security settings synced across your fleet. In addition, you can support users and perform interactive training right from your desktop.

# SECURITY WITHOUT THE COMPLEXITY

Comprehensive security features work hard to prevent, detect and neutralize threats in addition to streamlining reporting and automatically remediating IT-required settings. Built-in, pre-defined security configurations simplify implementation. Just select one of three security templates and let AltaLink do the rest — no expert knowledge required.

#### **DESIGNED FOR SUSTAINABILITY**

With waste-reducing and energy-saving features and the inclusion of post-consumer recycled plastic, AltaLink printers help to reduce environmental impacts. These printers have achieved EPEAT®, ENERGY STAR® and Blue Angel certification.

# XEROX® CONNECTKEY® TECHNOLOGY

#### **Intuitive User Experience**

Enjoy a tablet-like experience with gesture-based touchscreen controls and easy personalization, plus AI-assisted workflow automation.

#### Mobile and Cloud-ready

Be more mobile with cloud-hosted services and instant connectivity to cloud and mobile devices right from the user interface.

#### Comprehensive Security

Prevent unauthorized access, detect threats, and protect data and documents with built-in comprehensive security features.

#### **Enables Managed Print Services**

Seamless integration with Xerox® Managed Print Services delivers next-level workplace efficiency, employee productivity and security, while helping you meet sustainability goals.

#### Gateway to New Possibilities

Transform the way you work with the apps in the Xerox® App Gallery. Or choose Xerox® Workflow Central Platform to utilize apps from any device: laptop, desktop or your ConnectKey-enabled printer.

Find out more about how you'll work smarter at **ConnectKey.com**.

## Xerox® AltaLink® B8245/B8255/B8270 Multifunction Printers

#### Single-Pass Duplex Automatic Document Feeder (DADF)

saves time by simultaneously scanning both sides of  $\alpha$ document with up to 270 impressions per minute (ipm).

#### **USER INTERFACE**

INNOVATIVE TECHNOLOGIES

Intuitive Tablet-like 10.1-inch Color Touchscreen is customizable and lets you perform tasks in just a few taps. Try it out at xerox.com/SIM7

Xerox® Integrated RFID Card

90 access cards.

Reader (optional) adds card-based authentication with support for over

Near Field Communication (NFC)

Tap-to-Pair allows users to tap their mobile devices to the AltaLink B8200 Series user panel and quickly connect with the multifunction printer. Smart Proximity Sensor detects

when users are nearby. It conserves

energy during inactive periods and automatically activates the device when a user approaches.

### **PAPER INPUT\***

Two 520-sheet Adjustable Trays (common with all configurations). Tray 1 handles media sizes up to 11.7 x 17 in./A3 and Tray 2 handles media sizes up to 12 x 18 in./SRA3.

Envelope Kit (optional — replaces Tray 1) provides feeding of up to 60 envelopes.

#### High Capacity Tandem Tray Configuration holds a total paper capacity of up to

3,140 sheets.

Bypass Tray handles up to 100 sheets; Custom sizes: 3.5 x 3 <sup>^</sup> to 12.6 x 52 in./89 x 98 mm to 320 x 1,320 mm.

**High Capacity** Feeder (optional) holds 3,000 sheets of letter/A4 paper, increasing the maximum paper capacity to 6,140 sheets.

Business Ready (BR) Finisher (optional) gives you advanced finishing functions at a great value.

C-Fold/Z-Fold Unit (optional) adds C-fold, Z-fold and Z-half-fold capability to the BR Finisher or BR Booklet Maker Finisher.

BR Booklet Maker Finisher (optional) creates 64-page saddle-stitched booklets (2 to 16 sheets).

### LONG SHEET PRINTING

Long Sheet Feed Kit (optional) provides the ability to print up to 12.6 x 52 in./ 320 x 1,320 mm media.

**Dual Offset Catch Tray** (available when no finishers are installed; Single Offset Catch Tray with finishers).

Integrated Office Finisher (optional with B8245/B8255) provides 500- sheet stacking and 50-sheet, 2-position stapling.

Convenience Stapler (optional) staples up to 50 sheets of 20 lb./75 gsm media.
